

Expert parenting advice
on-demand.

ParentTV

Parenting can be one of life's greatest joys but it can also have its challenges...ParentTV exists to help you when you need it.

ParentTV is a video streaming website that offers help and advice on those challenges we all face as parents of school aged children.

The content is available to you anytime of the day or night and is by trusted experts including pediatricians, occupational therapists, psychologists, psychiatrists, sleep and lactation consultants, nutritionists and many more!

Topics that are covered include bullying, friendships, technology, behaviour, mental health and so much more! In fact there are over 400 videos available with more being added each month.

You can create your own personal account below for FREE through your schools subscription. In your account you will be able to create individual profiles for each of your children based on their age and gender. The website then shows you the content most relevant to each child based on your preferences and their profile.

To create an account using your school's subscription make sure you go to www.parenttv.com/membership and use the code **clover** to gain access to all of the videos.
